

# SafeWhite™

## Water Based Correction Fluid

*The industry's first and only AP  
Certified non-toxic correction fluid*

- AP Certified Non-Toxic, contains no harmful solvents.
- Specially formulated correction fluid uses a high-quality nylon brush, instead of foam applicator for easier application and improved coverage.
- Covers solvent based inks, permanent marker, pencil, photocopies and faxes.
- Safe to use in schools. Non-flammable, non-inhalent.
