

# Removable Highlighter Tape

by LEE Products

Bright colors to attract  
**attention** where it's needed!

## Customer Review

"What fun! If I use a highlighter on my calendar, it usually bleeds through the page. This tape has a clean, transparent look, and can even be repositioned! Also, I don't like to write in my books, but sometimes I want to be able to go back & re-read something. This stuff really works!"
