Customer Review

"It Works! Like this product because it does the job. NO MORE need to wet your finger to turn a page. I look through a lot of magazines and used to put my finger in my mouth to wet it so I could more easily turn pages. Not a good idea especially now with the Covid-19 epidemic. This Papercreme is nice and tacky. Also like the smaller size. I can keep one next to my reading chair and still have two left to give to my family."
